### Service Availability

The nbn™ Service is not available in all areas or to all premises. Availability is subject to a service qualification check which will be performed when you request to sign up.

# Critical Information Summary

The technology used to deliver the nbn™ Service will depend on the connection between your premises and the nbn™ Network which includes: (1) Fibre to the Premises ('FTTP'); (2) Fibre to the Node ('FTTN'); (3) Fibre to the Building ('FTTB'); (4) Hybrid Fibre Coaxial ('HFC'); (5) Fibre to the Curb (FTTC).

## Installation

Standard installation is included. Pronto Broadband do not offer Non-standard installations or professional installations.

If advised by nbn™ that additional works such as trenching is required, you will need to arrange for and pay for any associated works directly via a third party. You must be over the age of 18 to have Pronto Broadband nbn™ installed. If you are the owner of the property you must provide consent for nbn™ to install the nbn™ Service. If you are not the owner of the property or if you live in a strata property you must obtain owner consent or strata approval for installation.

## About Plan Speeds

The nbn™ speed tier for your service is the theoretical maximum speed of the access line connecting your premises to the nbn™. The actual speeds you experience, particularly during busy periods, may be limited by demand in other parts of the network and will typically be slower. For more information, see about nbn™ key fact sheet on busy speeds relevant to your plan.

Not all FTTN, FTTB or FTTC access lines support all speed tiers. Pronto Broadband cannot confirm your maximum access line speed until after your service has been installed. Once your service is installed and activated, your maximum access line speed will be tested. If your line will not support your chosen speed tier, we will inform you and offer move you to a lower speed tier and refund any extra money you have paid for the higher speed tier.

## Equipment Required

You must have an nbn™ compatible modem for this service.

Pronto Broadband offers a choice of nbn™ compatible modems, as set out below. Each modem is Wi-Fi enabled and will allow connection to Wi-Fi compatible devices in your home. The manufacturer's warranty period begins from the date of purchase and is as follows:

## NBN charges - New Development Fee

This \$300 will be charged to your bill if NBN has to activate a connection for the first time at a premises it classifies as a 'new development'. Other fees such as Missed appointment fees, Cancelled appointment fees, Subsequent installation fees and No Fault Found fees may apply to you in certain circumstances.
